

# COMMUNITY PROTEST NO URANIUM EXPLORATION IN NSW

From November 13, NSW Resources Minister Chris Hartcher can choose to allow applications for uranium exploration from mining companies.

**There is currently no uranium mining or exploration in NSW: so come along to a lunchtime protest outside Parliament House to tell Chris Hartcher you want it to stay that way!**

Uranium exploration and mining presents risks to workers, local communities and the environment, and would leave a lasting radioactive legacy for future generations.

**Tuesday November 13th  
12 midday NSW Parliament  
Macquarie Street Sydney**

Can't make the protest?

Find us on Facebook and sign the petition to Resources Minister Hartcher on our website!

A community campaign group meets 6pm every second Wednesday at UTS Broadway. All welcome! For more info contact [uraniumfreensw@gmail.com](mailto:uraniumfreensw@gmail.com) or call Holly on 0417 682 541.
